Kunal Pawar

Chemical Process Engineer

RESUME_1451

Location: Gurugram, Haryana, India | Email: kunal.pawar.resume_1451@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 12 years

PROFESSIONAL SUMMARY

Chemical Process Engineer with 12 years of experience in process, using Aspen HYSYS, Aspen Plus, P&ID, Mass Balance. Experienced in process simulation, plant safety and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: HAZOP, Energy Balance, P&ID, Heat Exchangers, Mass Balance, Aspen Plus, Aspen HYSYS, Distillation, MATLAB, Safety Analysis, Process Control

Methods: Process simulation, Plant safety, Thermal systems

PROFESSIONAL EXPERIENCE

Lead Chemical Process Engineer | DeltaPoint Innovations | Jan 2022 - Present

- Improved simulated product recovery by 19% through operating parameter studies
- Reduced modeled energy consumption by 34% after process heat integration
- Closed 625 process safety review actions with traceable evidence
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Chemical Process Engineer | Urbanaut Engineering | Jan 2018 - Dec 2021

- Closed 586 process safety review actions with traceable evidence
- Reduced batch-cycle variability by 31% after standard work refinement

Associate Chemical Process Engineer | Meridian Vector Labs | Jul 2014 - Dec 2017

- Improved simulated product recovery by 22% through operating parameter studies
- Reduced modeled energy consumption by 28% after process heat integration

PROJECTS

Process Hazard Review | Safety Analysis, Energy Balance, Aspen HYSYS, HAZOP

- Documented HAZOP deviations, safeguards and follow-up actions.
- Documented acceptance criteria and evaluated the design using plant safety and thermal systems.

Heat Exchanger Network Study | MATLAB, HAZOP, Energy Balance, Aspen Plus

- Modeled duty allocation and exchanger fouling constraints.
- Documented acceptance criteria and evaluated the design using plant safety and thermal systems.

EDUCATION

B.Tech in Chemical Engineering, Aarohan Institute of Engineering, 2014
Relevant Methods: Process simulation, Plant safety, Thermal systems

CERTIFICATIONS

Chemical Process Safety (2020)
