Tarun Vyas

Oil and Gas Process Engineer

RESUME_1228

Location: Coimbatore, Tamil Nadu, India | Email: tarun.vyas.resume_1228@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 6 years

PROFESSIONAL SUMMARY

Oil and Gas Process Engineer with 6 years of experience in process operations, using P&ID, Aspen HYSYS, Process Safety, Pressure Vessels. Experienced in asset integrity, process controls and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: Piping, Corrosion, Permit to Work, Process Safety, API Standards, Instrumentation, Pressure Vessels, Equipment Reliability, HAZOP, Aspen HYSYS, P&ID

Methods: Asset integrity, Process controls, Operational safety

PROFESSIONAL EXPERIENCE

Senior Oil and Gas Process Engineer | OrionPath Technologies | Jan 2023 - Present

- Reviewed 422 equipment integrity findings with prioritized corrective actions
- Reduced modeled utility consumption by 21% through operating setpoint refinement
- Improved preventive inspection completion to 96% with risk-based schedules
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Associate Oil and Gas Process Engineer | HelioNex Labs | Jul 2020 - Dec 2022

- Improved preventive inspection completion to 94% with risk-based schedules
- Reduced recurring process alarm events by 33% with root-cause review

PROJECTS

Separator Performance Model | Aspen HYSYS, Pressure Vessels, P&ID, Piping

- Assessed process fluctuations and design margins.
- Documented acceptance criteria and evaluated the design using process controls and operational safety.

Operations Alarm Review | Corrosion, Process Safety, Permit to Work, Piping

- Mapped alarm causes, safeguards and response procedures.
- Documented acceptance criteria and evaluated the design using process controls and operational safety.

EDUCATION

B.Tech in Chemical Engineering, Meridian Technical University, 2020

Relevant Methods: Asset integrity, Process controls, Operational safety

CERTIFICATIONS

HAZOP Workshop (2023)
