Ananya Reddy

Generative AI Engineer | Bengaluru, Karnataka

Email: ananyareddy145@example.com | Phone: +91-9841943272

Professional Summary

Results-oriented Generative AI Engineer with 2+ years of experience building data-driven and production-focused solutions. Strong background in Vector Databases, RAG, LLMs, PyTorch, Git. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Vector Databases, RAG, LLMs, PyTorch, Git, Docker, LangChain, Python, FastAPI

Professional Experience

InnoStack Technologies — Generative AI Engineer

2024–Present

• Built and deployed enterprise knowledge assistant using Vector Databases, RAG, LLMs, PyTorch, Git, improving operational efficiency by 37%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Docker, LangChain, Python, FastAPI for development, analysis, deployment, monitoring, and version control.

DataBridge Labs — Generative AI Engineer

2022–2024

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Enterprise Knowledge Assistant

• Built an end-to-end solution using Vector Databases, RAG, LLMs, PyTorch, Git, Docker.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Generative AI Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
