Aditya Bansal

Backend Engineer | Kolkata, West Bengal

Email: adityabansal171@example.com | Phone: +91-9870004467

Professional Summary

Results-oriented Backend Engineer with 5+ years of experience building data-driven and production-focused solutions. Strong background in FastAPI, Docker, Python, AWS, Java. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

FastAPI, Docker, Python, AWS, Java, PostgreSQL, Redis, Django, REST APIs

Professional Experience

DataBridge Labs — Backend Engineer

2021–Present

• Built and deployed order management service using FastAPI, Docker, Python, AWS, Java, improving operational efficiency by 22%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used PostgreSQL, Redis, Django, REST APIs for development, analysis, deployment, monitoring, and version control.

Vertex Digital — Backend Engineer

2021–2021

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Order Management Service

• Built an end-to-end solution using FastAPI, Docker, Python, AWS, Java, PostgreSQL.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied Backend Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
