Tanya Nair

Machine Learning Engineer | Chennai, Tamil Nadu

Email: tanyanair187@example.com | Phone: +91-9889193333

Professional Summary

Results-oriented Machine Learning Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in Python, Docker, SQL, MLflow, NumPy. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Python, Docker, SQL, MLflow, NumPy, TensorFlow, scikit-learn, Pandas

Professional Experience

InnoStack Technologies — Machine Learning Engineer

2023–Present

• Built and deployed fraud detection using Python, Docker, SQL, MLflow, NumPy, improving operational efficiency by 28%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used TensorFlow, scikit-learn, Pandas for development, analysis, deployment, monitoring, and version control.

Vertex Digital — Machine Learning Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Fraud Detection

• Built an end-to-end solution using Python, Docker, SQL, MLflow, NumPy, TensorFlow.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Machine Learning Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations

Keywords

Machine Learning Engineer; Python, Docker, SQL, MLflow, NumPy, TensorFlow, scikit-learn, Pandas; machine learning; data analysis; APIs; deployment; testing; Git; documentation; problem solving
