Aditi Malhotra

NLP Engineer | Kolkata, West Bengal

Email: aditimalhotra190@example.com | Phone: +91-9891095825

Professional Summary

Results-oriented NLP Engineer with 2+ years of experience building data-driven and production-focused solutions. Strong background in Docker, Transformers, SQL, NLP, BERT. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Docker, Transformers, SQL, NLP, BERT, Python, Git

Professional Experience

CloudAxis Systems — NLP Engineer

2024–Present

• Developed document classification system for customer support, using Docker, Transformers, SQL, NLP, BERT; reduced processing time by 31%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Python, Git for development, analysis, deployment, monitoring, and version control.

Nexa Systems — NLP Engineer

2022–2024

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Document Classification System

• Built an end-to-end solution using Docker, Transformers, SQL, NLP, BERT, Python.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied NLP Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
