Ishaan Singh

Computer Vision Engineer | Bengaluru, Karnataka

Email: ishaansingh419@example.com | Phone: +91-9877422120

Professional Summary

Results-oriented Computer Vision Engineer with 2+ years of experience building data-driven and production-focused solutions. Strong background in TensorFlow, PyTorch, Git, Python, OpenCV. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

TensorFlow, PyTorch, Git, Python, OpenCV, NumPy, Computer Vision, YOLO

Professional Experience

CloudAxis Systems — Computer Vision Engineer

2024–Present

• Designed and evaluated object detection pipeline using TensorFlow, PyTorch, Git, Python, OpenCV; automated 14% of the previous manual workflow.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used NumPy, Computer Vision, YOLO for development, analysis, deployment, monitoring, and version control.

BlueOrbit Software — Computer Vision Engineer

2022–2024

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Object Detection Pipeline

• Built an end-to-end solution using TensorFlow, PyTorch, Git, Python, OpenCV, NumPy.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Computer Vision Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations

Keywords

Computer Vision Engineer; TensorFlow, PyTorch, Git, Python, OpenCV, NumPy, Computer Vision, YOLO; machine learning; data analysis; APIs; deployment; testing; Git; documentation; problem solving
