Kunal Desai

Computer Vision Engineer | Hyderabad, Telangana

Email: kunaldesai435@example.com | Phone: +91-9817498162

Professional Summary

Results-oriented Computer Vision Engineer with 4+ years of experience building data-driven and production-focused solutions. Strong background in OpenCV, PyTorch, Computer Vision, YOLO, Python. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

OpenCV, PyTorch, Computer Vision, YOLO, Python, TensorFlow, Docker, NumPy

Professional Experience

DataBridge Labs — Computer Vision Engineer

2022–Present

• Implemented production-ready OCR pipeline with OpenCV, PyTorch, Computer Vision, YOLO, Python, achieving 12% improvement in a key business metric.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used TensorFlow, Docker, NumPy for development, analysis, deployment, monitoring, and version control.

Nexa Systems — Associate Computer Vision Engineer

2021–2022

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Ocr Pipeline

• Built an end-to-end solution using OpenCV, PyTorch, Computer Vision, YOLO, Python, TensorFlow.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied Computer Vision Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
