Ananya Verma

NLP Engineer | Indore, Madhya Pradesh

Email: ananyaverma474@example.com | Phone: +91-9866008290

Professional Summary

Results-oriented NLP Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in PyTorch, Hugging Face, Python, Git, BERT. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

PyTorch, Hugging Face, Python, Git, BERT, Transformers, SQL, NLP, spaCy

Professional Experience

NextGen Analytics — NLP Engineer

2023–Present

• Developed sentiment analysis pipeline for media, using PyTorch, Hugging Face, Python, Git, BERT; reduced processing time by 27%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Transformers, SQL, NLP, spaCy for development, analysis, deployment, monitoring, and version control.

Vertex Digital — NLP Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Sentiment Analysis Pipeline

• Built an end-to-end solution using PyTorch, Hugging Face, Python, Git, BERT, Transformers.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied NLP Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
