# Priya Iyer

Software Engineer | Pune, Maharashtra

Email: priyaiyer475@example.com | Phone: +91-9850754622

## Professional Summary

Results-oriented Software Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in REST APIs, Java, Unit Testing, Python, SQL. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

## Skills

REST APIs, Java, Unit Testing, Python, SQL, Docker, PostgreSQL, Git, Linux, C++

## Professional Experience

### Vertex Digital — Software Engineer

2023–Present

• Built and deployed real-time notification service using REST APIs, Java, Unit Testing, Python, SQL, improving operational efficiency by 33%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Docker, PostgreSQL, Git, Linux, C++ for development, analysis, deployment, monitoring, and version control.

### TechNova Solutions — Associate Software Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

## Projects

### Real-Time Notification Service

• Built an end-to-end solution using REST APIs, Java, Unit Testing, Python, SQL, Docker.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

## Education

B.Sc. in Computer Science, 2022

## Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
