Tanya Reddy

Generative AI Engineer | Jaipur, Rajasthan

Email: tanyareddy485@example.com | Phone: +91-9898436745

Professional Summary

Results-oriented Generative AI Engineer with 5+ years of experience building data-driven and production-focused solutions. Strong background in RAG, Vector Databases, Docker, Embeddings, PyTorch. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

RAG, Vector Databases, Docker, Embeddings, PyTorch, LangChain, Python, FastAPI, Git

Professional Experience

CloudAxis Systems — Generative AI Engineer

2021–Present

• Designed and evaluated resume intelligence chatbot using RAG, Vector Databases, Docker, Embeddings, PyTorch; automated 27% of the previous manual workflow.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used LangChain, Python, FastAPI, Git for development, analysis, deployment, monitoring, and version control.

InnoStack Technologies — Generative AI Engineer

2021–2021

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Resume Intelligence Chatbot

• Built an end-to-end solution using RAG, Vector Databases, Docker, Embeddings, PyTorch, LangChain.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Sc. in Computer Science, 2022

Certifications

• Applied Generative AI Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
