Tanya Kapoor

Backend Engineer | Ahmedabad, Gujarat

Email: tanyakapoor500@example.com | Phone: +91-9884277127

Professional Summary

Results-oriented Backend Engineer with 2+ years of experience building data-driven and production-focused solutions. Strong background in Python, REST APIs, AWS, Git, PostgreSQL. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Python, REST APIs, AWS, Git, PostgreSQL, Django, Redis, Docker

Professional Experience

NextGen Analytics — Backend Engineer

2024–Present

• Built and deployed payment API using Python, REST APIs, AWS, Git, PostgreSQL, improving operational efficiency by 15%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Django, Redis, Docker for development, analysis, deployment, monitoring, and version control.

DataBridge Labs — Associate Backend Engineer

2022–2024

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Payment Api

• Built an end-to-end solution using Python, REST APIs, AWS, Git, PostgreSQL, Django.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied Backend Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
