Aditya Iyer

NLP Engineer | Pune, Maharashtra

Email: adityaiyer201@example.com | Phone: +91-9873962190

Professional Summary

Results-oriented NLP Engineer with 2+ years of experience building data-driven and production-focused solutions. Strong background in spaCy, Hugging Face, PyTorch, NLP, Git. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

spaCy, Hugging Face, PyTorch, NLP, Git, BERT, Docker, Transformers, Python

Professional Experience

InnoStack Technologies — NLP Engineer

2024–Present

• Implemented production-ready document classification system with spaCy, Hugging Face, PyTorch, NLP, Git, achieving 18% improvement in a key business metric.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used BERT, Docker, Transformers, Python for development, analysis, deployment, monitoring, and version control.

Vertex Digital — NLP Engineer

2022–2024

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Document Classification System

• Built an end-to-end solution using spaCy, Hugging Face, PyTorch, NLP, Git, BERT.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied NLP Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
