Aditi Bansal

Software Engineer | Bengaluru, Karnataka

Email: aditibansal206@example.com | Phone: +91-9870378491

Professional Summary

Results-oriented Software Engineer with 1+ years of experience building data-driven and production-focused solutions. Strong background in REST APIs, Git, PostgreSQL, Unit Testing, Docker. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

REST APIs, Git, PostgreSQL, Unit Testing, Docker, C++, Linux, Python, Java

Professional Experience

NextGen Analytics — Software Engineer

2025–Present

• Designed and evaluated workflow automation platform using REST APIs, Git, PostgreSQL, Unit Testing, Docker; automated 23% of the previous manual workflow.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used C++, Linux, Python, Java for development, analysis, deployment, monitoring, and version control.

InnoStack Technologies — Software Engineer

2023–2025

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Workflow Automation Platform

• Built an end-to-end solution using REST APIs, Git, PostgreSQL, Unit Testing, Docker, C++.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
