Meera Joshi

Generative AI Engineer | Indore, Madhya Pradesh

Email: meerajoshi233@example.com | Phone: +91-9854195849

Professional Summary

Results-oriented Generative AI Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in Docker, RAG, LangChain, Vector Databases, LLMs. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Docker, RAG, LangChain, Vector Databases, LLMs, Embeddings, PyTorch, Python, FastAPI, Git

Professional Experience

CloudAxis Systems — Generative AI Engineer

2023–Present

• Built and deployed enterprise knowledge assistant using Docker, RAG, LangChain, Vector Databases, LLMs, improving operational efficiency by 29%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Embeddings, PyTorch, Python, FastAPI, Git for development, analysis, deployment, monitoring, and version control.

Nexa Systems — Associate Generative AI Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Enterprise Knowledge Assistant

• Built an end-to-end solution using Docker, RAG, LangChain, Vector Databases, LLMs, Embeddings.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied Generative AI Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
