Priya Gupta

Software Engineer | Indore, Madhya Pradesh

Email: priyagupta242@example.com | Phone: +91-9886810468

Professional Summary

Results-oriented Software Engineer with 5+ years of experience building data-driven and production-focused solutions. Strong background in Linux, Git, Python, Unit Testing, C++. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Linux, Git, Python, Unit Testing, C++, PostgreSQL, REST APIs, Java

Professional Experience

DataBridge Labs — Software Engineer

2021–Present

• Built and deployed scalable REST API using Linux, Git, Python, Unit Testing, C++, improving operational efficiency by 27%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used PostgreSQL, REST APIs, Java for development, analysis, deployment, monitoring, and version control.

BlueOrbit Software — Associate Software Engineer

2021–2021

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Scalable Rest Api

• Built an end-to-end solution using Linux, Git, Python, Unit Testing, C++, PostgreSQL.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Sc. in Computer Science, 2022

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
