Aditi Malhotra

Software Engineer | Mumbai, Maharashtra

Email: aditimalhotra46@example.com | Phone: +91-9855461591

Professional Summary

Results-oriented Software Engineer with 1+ years of experience building data-driven and production-focused solutions. Strong background in Linux, Java, C++, Docker, PostgreSQL. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Linux, Java, C++, Docker, PostgreSQL, SQL, Unit Testing

Professional Experience

BlueOrbit Software — Software Engineer

2025–Present

• Implemented production-ready inventory management system with Linux, Java, C++, Docker, PostgreSQL, achieving 26% improvement in a key business metric.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used SQL, Unit Testing for development, analysis, deployment, monitoring, and version control.

TechNova Solutions — Software Engineer

2023–2025

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Inventory Management System

• Built an end-to-end solution using Linux, Java, C++, Docker, PostgreSQL, SQL.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
