Isha Iyer

Software Engineer | Jaipur, Rajasthan

Email: ishaiyer66@example.com | Phone: +91-9866191704

Professional Summary

Results-oriented Software Engineer with 1+ years of experience building data-driven and production-focused solutions. Strong background in SQL, C++, REST APIs, Python, Git. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

SQL, C++, REST APIs, Python, Git, Unit Testing, PostgreSQL, Linux

Professional Experience

QuantumWorks — Software Engineer

2025–Present

• Implemented production-ready inventory management system with SQL, C++, REST APIs, Python, Git, achieving 36% improvement in a key business metric.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Unit Testing, PostgreSQL, Linux for development, analysis, deployment, monitoring, and version control.

DataBridge Labs — Software Engineer

2023–2025

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Inventory Management System

• Built an end-to-end solution using SQL, C++, REST APIs, Python, Git, Unit Testing.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
