Ananya Jain

Generative AI Engineer | Indore, Madhya Pradesh

Email: ananyajain81@example.com | Phone: +91-9851971886

Professional Summary

Results-oriented Generative AI Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in RAG, FastAPI, Docker, LangChain, Git. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

RAG, FastAPI, Docker, LangChain, Git, PyTorch, Python, Embeddings

Professional Experience

QuantumWorks — Generative AI Engineer

2023–Present

• Built and deployed document Q&A assistant using RAG, FastAPI, Docker, LangChain, Git, improving operational efficiency by 30%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used PyTorch, Python, Embeddings for development, analysis, deployment, monitoring, and version control.

Apex Infotech — Associate Generative AI Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Document Q&A Assistant

• Built an end-to-end solution using RAG, FastAPI, Docker, LangChain, Git, PyTorch.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Generative AI Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
