Sneha Verma

Machine Learning Engineer | Chennai, Tamil Nadu

Email: snehaverma99@example.com | Phone: +91-9884797762

Professional Summary

Results-oriented Machine Learning Engineer with 1+ years of experience building data-driven and production-focused solutions. Strong background in NumPy, TensorFlow, SQL, scikit-learn, PyTorch. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

NumPy, TensorFlow, SQL, scikit-learn, PyTorch, Python, Docker, Git

Professional Experience

QuantumWorks — Machine Learning Engineer

2025–Present

• Built and deployed customer churn prediction using NumPy, TensorFlow, SQL, scikit-learn, PyTorch, improving operational efficiency by 24%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Python, Docker, Git for development, analysis, deployment, monitoring, and version control.

InnoStack Technologies — Associate Machine Learning Engineer

2023–2025

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Customer Churn Prediction

• Built an end-to-end solution using NumPy, TensorFlow, SQL, scikit-learn, PyTorch, Python.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Machine Learning Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations

Keywords

Machine Learning Engineer; NumPy, TensorFlow, SQL, scikit-learn, PyTorch, Python, Docker, Git; machine learning; data analysis; APIs; deployment; testing; Git; documentation; problem solving
