Mihir Singh

Generative AI / RAG Engineer

RESUME_1667

Location: Ahmedabad, Gujarat, India | Email: mihir.singh.resume_1667@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 5 years

PROFESSIONAL SUMMARY

Generative AI / RAG Engineer with 5 years of experience in generative ai / rag, using Python, RAG, LLMs, LangChain. Experienced in grounded responses, hybrid search and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: Evaluation, Reranking, LangChain, LlamaIndex, Chunking, LLMs, Qdrant, FAISS, Vector Embeddings, RAG, Docker, Python

Methods: Grounded responses, Hybrid search, Retrieval evaluation

PROFESSIONAL EXPERIENCE

Senior Generative AI / RAG Engineer | ZenithTrail Technologies | Jan 2023 - Present

- Improved retrieval recall-at-5 by 5 points using chunking experiments and reranking
- Lowered average retrieval latency by 32% with payload filters and caching
- Reduced unsupported responses by 13% through citation gating and answer verification
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Associate Generative AI / RAG Engineer | HelioNex Labs | Jul 2021 - Dec 2022

- Reduced unsupported responses by 23% through citation gating and answer verification
- Indexed 582 documents with stable source IDs and traceable metadata

PROJECTS

Resume Retrieval Platform | Qdrant, LLMs, LangChain, Evaluation

- Indexed candidate evidence in Qdrant with metadata filters and ranking evaluation.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

Engineering Q&A Benchmarks | Docker, Chunking, LangChain, Qdrant

- Prepared labeled retrieval questions and automated recall-at-k dashboards.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

EDUCATION

B.Tech in Computer Science and Engineering, Narmada School of Technology, 2021

Relevant Methods: Grounded responses, Hybrid search, Retrieval evaluation

CERTIFICATIONS

Applied RAG Systems (2021)
