Arpita Agarwal

Biomedical Engineer

RESUME_1687

Location: Faridabad, Haryana, India | Email: arpita.agarwal.resume_1687@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: Fresher; internship experience

PROFESSIONAL SUMMARY

Entry-level Biomedical Engineer trained in Medical Device Testing, ISO 13485, IEC 60601, Python. Has hands-on academic and internship experience in design controls, implementation, test documentation and engineering problem solving.

TECHNICAL SKILLS

Skills: ISO 13485, CAPA, MATLAB, Risk Management, IEC 60601, Sensors, Python, ECG, Verification & Validation, Signal Processing, Medical Device Testing, LabVIEW

Methods: Design controls, Clinical engineering, Verification

PROFESSIONAL EXPERIENCE

Engineering Intern - Biomedical | Ridgeview Engineering | Jan 2026 - Jun 2026

- Helped reduce measurement error by 15% through calibration and signal conditioning
- Wrote repeatable test notes, reviewed results with a mentor and documented prioritized fixes.
- Demonstrated prototype trade-offs using clinical engineering.

PROJECTS

Device Risk File | IEC 60601, Signal Processing, LabVIEW, Sensors

- Created traceability between hazards, mitigations and verification tests.
- Documented acceptance criteria and evaluated the design using clinical engineering and verification.

Wearable ECG Prototype | Signal Processing, MATLAB, ISO 13485, Verification & Validation

- Evaluated signal filtering, lead artifacts and battery operating modes.
- Documented acceptance criteria and evaluated the design using clinical engineering and verification.

EDUCATION

B.Tech in Biomedical Engineering, Western Plains Institute of Technology, 2026

Relevant Methods: Design controls, Clinical engineering, Verification

CERTIFICATIONS

IEC 60601 Awareness (2026)
