Akash Das

Materials Engineer

RESUME_1976

Location: Ahmedabad, Gujarat, India | Email: akash.das.resume_1976@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 9 years

PROFESSIONAL SUMMARY

Materials Engineer with 9 years of experience in metallurgy, using Material Characterization, SEM, XRD, Metallography. Experienced in materials science, failure analysis and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: ASTM Standards, Quality Control, DOE, XRD, SEM, Tensile Testing, Material Characterization, Failure Analysis, Heat Treatment, Metallography, Corrosion Testing

Methods: Materials science, Failure analysis, Quality assurance

PROFESSIONAL EXPERIENCE

Lead Materials Engineer | PrismArc Solutions | Jan 2023 - Present

- Analyzed 132 metallurgical samples using documented acceptance criteria
- Improved mechanical test repeatability by 22% through standard preparation
- Extended accelerated corrosion resistance by 34% in comparative studies
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Materials Engineer | NovaPeak Engineering | Jan 2020 - Dec 2022

- Extended accelerated corrosion resistance by 33% in comparative studies
- Reduced material reject rate by 29% after heat-treatment window optimization

Associate Materials Engineer | Meridian Vector Labs | Jul 2017 - Dec 2019

- Analyzed 736 metallurgical samples using documented acceptance criteria
- Improved mechanical test repeatability by 16% through standard preparation

PROJECTS

Corrosion Resistance Trial | DOE, Failure Analysis, Tensile Testing, Heat Treatment

- Tested coated coupons against accelerated exposure conditions.
- Documented acceptance criteria and evaluated the design using failure analysis and quality assurance.

Material Qualification Plan | Tensile Testing, Quality Control, Corrosion Testing, Failure Analysis

- Defined acceptance limits and verification methods for alternate grades.
- Documented acceptance criteria and evaluated the design using failure analysis and quality assurance.

EDUCATION

B.Tech in Metallurgical and Materials Engineering, Blue River College of Technology, 2017

Relevant Methods: Materials science, Failure analysis, Quality assurance

CERTIFICATIONS

Metallurgy Laboratory Safety (2021)
