Rahul Shukla

Control Systems Engineer

RESUME_1047

Location: Chandigarh, Punjab, India | Email: rahul.shukla.resume_1047@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: Fresher; internship experience

PROFESSIONAL SUMMARY

Entry-level Control Systems Engineer trained in MATLAB, Simulink, PID Control, State-Space Models. Has hands-on academic and internship experience in control design, implementation, test documentation and engineering problem solving.

TECHNICAL SKILLS

Skills: State-Space Models, Simulink, Python, LabVIEW, Sensors, Signal Processing, PID Control, PLC, MATLAB, Actuators, System Identification, Data Acquisition

Methods: Control design, Stability analysis, System identification

PROFESSIONAL EXPERIENCE

Engineering Intern - Control Systems | Ridgeview Engineering | Jan 2026 - Jun 2026

- Helped improve settling time by 21% under tested operating conditions
- Wrote repeatable test notes, reviewed results with a mentor and documented prioritized fixes.
- Demonstrated prototype trade-offs using stability analysis.

PROJECTS

Process Dynamics Model | Signal Processing, PLC, PID Control, MATLAB

- Identified state-space models using recorded step-response data.
- Documented acceptance criteria and evaluated the design using stability analysis and system identification.

Temperature Control Rig | Python, PID Control, State-Space Models, Actuators

- Developed PID logic and sensor linearization checks.
- Documented acceptance criteria and evaluated the design using stability analysis and system identification.

EDUCATION

B.Tech in Electrical Engineering, Horizon Institute of Engineering, 2026
Relevant Methods: Control design, Stability analysis, System identification

CERTIFICATIONS

MATLAB Simulink Applications (2026)
