Aditya Nambiar

Generative AI / RAG Engineer

RESUME_1761

Location: Rajkot, Gujarat, India | Email: aditya.nambiar.resume_1761@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 5 years

PROFESSIONAL SUMMARY

Generative AI / RAG Engineer with 5 years of experience in generative ai / rag, using Python, RAG, LLMs, LangChain. Experienced in grounded responses, hybrid search and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: LLMs, Qdrant, Docker, Prompt Engineering, LangChain, Python, Chunking, Ollama, Reranking, FAISS, RAG, LlamaIndex

Methods: Grounded responses, Hybrid search, Retrieval evaluation

PROFESSIONAL EXPERIENCE

Senior Generative AI / RAG Engineer | VegaBridge Systems | Jan 2023 - Present

- Indexed 696 documents with stable source IDs and traceable metadata
- Lowered average retrieval latency by 12% with payload filters and caching
- Improved retrieval recall-at-5 by 13 points using chunking experiments and reranking
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Associate Generative AI / RAG Engineer | Ridgeview Engineering | Jul 2021 - Dec 2022

- Improved retrieval recall-at-5 by 12 points using chunking experiments and reranking
- Reduced unsupported responses by 22% through citation gating and answer verification

PROJECTS

Document Search Assistant | LangChain, RAG, Python, LlamaIndex

- Created OCR-free PDF extraction, section-aware chunking, dense retrieval and cited responses.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

Engineering Q&A Benchmarks | Chunking, RAG, LlamaIndex, FAISS

- Prepared labeled retrieval questions and automated recall-at-k dashboards.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

EDUCATION

B.Tech in Computer Science and Engineering, Narmada School of Technology, 2021

Relevant Methods: Grounded responses, Hybrid search, Retrieval evaluation

CERTIFICATIONS

Applied RAG Systems (2021)
