Nandini Desai

Generative AI / RAG Engineer

RESUME_1808

Location: Gandhinagar, Gujarat, India | Email: nandini.desai.resume_1808@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 5 years

PROFESSIONAL SUMMARY

Generative AI / RAG Engineer with 5 years of experience in generative ai / rag, using Python, RAG, LLMs, LangChain. Experienced in grounded responses, hybrid search and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: LLMs, Docker, Ollama, Python, LlamaIndex, Qdrant, FAISS, Chunking, Reranking, RAG, LangChain, Prompt Engineering

Methods: Grounded responses, Hybrid search, Retrieval evaluation

PROFESSIONAL EXPERIENCE

Senior Generative AI / RAG Engineer | KoraLink Innovations | Jan 2023 - Present

- Reduced unsupported responses by 38% through citation gating and answer verification
- Improved retrieval recall-at-5 by 6 points using chunking experiments and reranking
- Lowered average retrieval latency by 39% with payload filters and caching
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Associate Generative AI / RAG Engineer | Ridgeview Engineering | Jul 2021 - Dec 2022

- Lowered average retrieval latency by 33% with payload filters and caching
- Indexed 494 documents with stable source IDs and traceable metadata

PROJECTS

Resume Retrieval Platform | Python, Qdrant, Docker, LlamaIndex

- Indexed candidate evidence in Qdrant with metadata filters and ranking evaluation.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

Engineering Q&A Benchmarks | Python, Prompt Engineering, Qdrant, Ollama

- Prepared labeled retrieval questions and automated recall-at-k dashboards.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

EDUCATION

B.Tech in Computer Science and Engineering, Narmada School of Technology, 2021

Relevant Methods: Grounded responses, Hybrid search, Retrieval evaluation

CERTIFICATIONS

LLM Evaluation and Safety Workshop (2024)
