Kavya Kumar

Generative AI / RAG Engineer

RESUME_1855

Location: Jamshedpur, Jharkhand, India | Email: kavya.kumar.resume_1855@example.com | Phone: +91-00000-00000 (placeholder)
Total Experience: 5 years

PROFESSIONAL SUMMARY

Generative AI / RAG Engineer with 5 years of experience in generative ai / rag, using Python, RAG, LLMs, LangChain. Experienced in grounded responses, hybrid search and measurable delivery outcomes.

TECHNICAL SKILLS

Skills: LLMs, RAG, Vector Embeddings, Chunking, Reranking, Python, FAISS, Evaluation, LangChain, LlamaIndex, Qdrant, Docker

Methods: Grounded responses, Hybrid search, Retrieval evaluation

PROFESSIONAL EXPERIENCE

Senior Generative AI / RAG Engineer | OrionPath Technologies | Jan 2023 - Present

- Improved retrieval recall-at-5 by 10 points using chunking experiments and reranking
- Reduced unsupported responses by 24% through citation gating and answer verification
- Indexed 449 documents with stable source IDs and traceable metadata
- Coordinated engineering design reviews, acceptance criteria and test evidence with cross-functional stakeholders.

Associate Generative AI / RAG Engineer | SparrowCloud Labs | Jul 2021 - Dec 2022

- Indexed 293 documents with stable source IDs and traceable metadata
- Lowered average retrieval latency by 41% with payload filters and caching

PROJECTS

Engineering Q&A Benchmarks | Chunking, FAISS, Qdrant, LlamaIndex

- Prepared labeled retrieval questions and automated recall-at-k dashboards.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

Internal Knowledge Copilot | Vector Embeddings, Qdrant, Reranking, FAISS

- Built hybrid keyword/vector search with source attribution and refusal rules.
- Documented acceptance criteria and evaluated the design using hybrid search and retrieval evaluation.

EDUCATION

B.Tech in Computer Science and Engineering, Blue River College of Technology, 2021

Relevant Methods: Grounded responses, Hybrid search, Retrieval evaluation

CERTIFICATIONS

LLM Evaluation and Safety Workshop (2023)
