Aditi Singh

Software Engineer | Hyderabad, Telangana

Email: aditisingh302@example.com | Phone: +91-9894338531

Professional Summary

Results-oriented Software Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in Python, Java, Unit Testing, Docker, Linux. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Python, Java, Unit Testing, Docker, Linux, SQL, Git, REST APIs

Professional Experience

Nexa Systems — Software Engineer

2023–Present

• Built and deployed workflow automation platform using Python, Java, Unit Testing, Docker, Linux, improving operational efficiency by 31%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used SQL, Git, REST APIs for development, analysis, deployment, monitoring, and version control.

NextGen Analytics — Software Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Workflow Automation Platform

• Built an end-to-end solution using Python, Java, Unit Testing, Docker, Linux, SQL.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
