Tanya Singh

Software Engineer | Delhi NCR

Email: tanyasingh345@example.com | Phone: +91-9860641104

Professional Summary

Results-oriented Software Engineer with 5+ years of experience building data-driven and production-focused solutions. Strong background in Unit Testing, C++, PostgreSQL, REST APIs, Git. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Unit Testing, C++, PostgreSQL, REST APIs, Git, SQL, Docker, Linux, Java, Python

Professional Experience

NextGen Analytics — Software Engineer

2021–Present

• Implemented production-ready real-time notification service with Unit Testing, C++, PostgreSQL, REST APIs, Git, achieving 19% improvement in a key business metric.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used SQL, Docker, Linux, Java, Python for development, analysis, deployment, monitoring, and version control.

DataBridge Labs — Software Engineer

2021–2021

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Real-Time Notification Service

• Built an end-to-end solution using Unit Testing, C++, PostgreSQL, REST APIs, Git, SQL.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Software Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
