Isha Patel

Computer Vision Engineer | Indore, Madhya Pradesh

Email: ishapatel359@example.com | Phone: +91-9865177982

Professional Summary

Results-oriented Computer Vision Engineer with 4+ years of experience building data-driven and production-focused solutions. Strong background in Git, Python, NumPy, TensorFlow, Computer Vision. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

Git, Python, NumPy, TensorFlow, Computer Vision, YOLO, Docker, OpenCV

Professional Experience

TechNova Solutions — Computer Vision Engineer

2022–Present

• Built and deployed image classification system using Git, Python, NumPy, TensorFlow, Computer Vision, improving operational efficiency by 15%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used YOLO, Docker, OpenCV for development, analysis, deployment, monitoring, and version control.

Apex Infotech — Computer Vision Engineer

2021–2022

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Image Classification System

• Built an end-to-end solution using Git, Python, NumPy, TensorFlow, Computer Vision, YOLO.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.Tech in Computer Science and Engineering, 2021

Certifications

• Applied Computer Vision Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
