Ananya Mehta

Computer Vision Engineer | Bengaluru, Karnataka

Email: ananyamehta362@example.com | Phone: +91-9870975394

Professional Summary

Results-oriented Computer Vision Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in NumPy, TensorFlow, Python, YOLO, OpenCV. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

NumPy, TensorFlow, Python, YOLO, OpenCV, Computer Vision, Docker

Professional Experience

InnoStack Technologies — Computer Vision Engineer

2023–Present

• Developed OCR pipeline for automotive, using NumPy, TensorFlow, Python, YOLO, OpenCV; reduced processing time by 37%.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Computer Vision, Docker for development, analysis, deployment, monitoring, and version control.

Nexa Systems — Associate Computer Vision Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Ocr Pipeline

• Built an end-to-end solution using NumPy, TensorFlow, Python, YOLO, OpenCV, Computer Vision.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

M.Tech in Artificial Intelligence, 2023

Certifications

• Applied Computer Vision Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations

Keywords

Computer Vision Engineer; NumPy, TensorFlow, Python, YOLO, OpenCV, Computer Vision, Docker; machine learning; data analysis; APIs; deployment; testing; Git; documentation; problem solving
