Ishaan Mehta

Backend Engineer | Hyderabad, Telangana

Email: ishaanmehta388@example.com | Phone: +91-9810561104

Professional Summary

Results-oriented Backend Engineer with 3+ years of experience building data-driven and production-focused solutions. Strong background in AWS, PostgreSQL, Docker, Java, Redis. Experienced in translating business requirements into measurable technical outcomes, collaborating with cross-functional teams, and delivering maintainable solutions.

Skills

AWS, PostgreSQL, Docker, Java, Redis, Git, Django

Professional Experience

Apex Infotech — Backend Engineer

2023–Present

• Designed and evaluated payment API using AWS, PostgreSQL, Docker, Java, Redis; automated 13% of the previous manual workflow.

• Collaborated with cross-functional teams to gather requirements, test models/services, and document production workflows.

• Used Git, Django for development, analysis, deployment, monitoring, and version control.

Vertex Digital — Associate Backend Engineer

2021–2023

• Developed reusable pipelines, APIs, dashboards, or ML workflows aligned with business requirements.

• Participated in code reviews, testing, debugging, documentation, and deployment activities.

• Monitored performance and iterated on solutions based on stakeholder feedback and production results.

Projects

Payment Api

• Built an end-to-end solution using AWS, PostgreSQL, Docker, Java, Redis, Git.

• Added validation, testing, logging, and documentation to improve reliability.

• Presented findings and implementation details to technical and non-technical stakeholders.

Education

B.E. in Information Technology, 2022

Certifications

• Applied Backend Engineer Fundamentals

• Practical Python and Data Engineering

• Cloud and Deployment Foundations
